Letter to Smith, Whitcomb & Cook Co., Barre, Vt.

Dear Sirs: Messrs Leachman & Edelin, Grafton, V. Va., had been selling a paint which they thought well of; and this had occurred.

They had sold a customer 18 gallons of it to paint his house. A few years later, they sold the same man Devoe lead-and-zinc the same number of gallons to paint the same house. He had 7 gallons left.

The point of the tale is: 11 gallons Devoe paints an 18-gallon house.

Of course that isn't all.

Why does 11 gallons Devoe go as far as 18 gallons of other paint? Because it is all paint, all true, no sham, and full measure.

But that isn't all. Devoe lasts longer. No, no; you haven't got to wait ten years to find that out. Ten thousand people know it. We've got their names. Our agents know them; they think a heap of Devoe. There is no difficulty in showing your townpeople what to expect of Devoe. \$10 will paint a 15 house; and the paint'll last twice as long.

Yours truly,
F. W. Devoe & Co.,
New York.

P. S.—Reynolds & Son sell our paint.

Romping Clothes!

There is nothing so good for the boys' Summer wear as Wash Suits. Each boy ought to have two or three to see him through the Summer. You have no idea, unless you have been here, what nice, neat Suits can be bought for a single half dollar and the easiest kind of rises up to two dollars. Sailor and Russian Blouse styles in linens, galateas, crash and chambray. Will they wash? That's the idea in making them. Why, you can drop the boy into the tub, clothes and all, and it won't hurt the Suit any more than it will the boy.
